FOAM FOR CARE
Azalea Close, Clover Nook Industrial Park,
Alfreton, Derbyshire DE55 4QX
Tel 01773 838800 Fax 01773 838870

The manufacturing process operates under Class 1 of the Medical Devices Directive by fully complying with the essential requirements for CE marking this product.

Flammability

The Protector 7 mattress meets the requirements of BS7177:2008 for medium hazard.

The interior materials meet the requirements of The Furniture & Furnishings (Fire) (Safety) Regulations 1988.

Specifically designed to meet the requirement of the Department of health 'Firecode – Fire Safety in the NHS – HTM 05-03' 2007

User Instructions

The Protector 7 mattress has been designed for use on solid bed bases, by patients in medium secure and secure premises, with a weight guide of up to 290Kg / 45 stone.

Ensure that the surface of the bed is clear from debris before placing the mattress – debris can damage the coating of the fabric.

Frequent rotation is strongly recommended for 4 way turn mattresses as all foam grades fatigue during use and turning will ensure loading is evenly spread across both ends of the mattress.

The cover on this mattress is produced with high frequency welded seams to eliminate access to the mattress interior. The cover is not removable for cleaning purposes

The label on this mattress has a unique batch number which should be used in the event of a warranty claim. NEVER remove the label.

Cleaning

For general cleaning and superficial dirt, use a disposable wipe with a solution of warm water and neutral detergent.

Do not use abrasive or phenolic-based cleaners.

To disinfect in situ, use a 0.1% sodium hypochloride solution (1,000 ppm chlorine).

Non removable covers can only be cleaned in situ

Thoroughly rinse and dry the cover before re-use or storage.

Store in a cool, dry area.

Warranty

Covered against faulty manufacture and materials as replacements goods.
Normal wear and tear expected would not be included.
All warranties subject to terms and conditions of trading.
Please refer to our warranty schedule for terms.
In order to claim under warranty refer to the batch number printed on the product label.

Storage & Care

- Store the mattress flat – do not fold
- Do not place heavy objects on the mattress surface when not in use
- Do not allow sharp objects to penetrate the cover coating
- Keep the mattress clean
- Regularly inspect the exterior of the mattress
- Do not store in damp conditions
